

Construction Ready: Trained, Credentialed & Ready to Work

We train people for competitive paying, entry-level construction jobs so they can earn a comfortable living, do work they enjoy, and build fulfilling careers without the burden of student loan debt.

Construction Ready believes skilled trades should be just as celebrated as careers requiring a four-year degree.

We prepare people for a clear path to a fulfilling career, *wherever they are in life.*

In the construction industry, there are numerous job and career opportunities with earning potential similar or better than jobs that require college.

Your investment builds careers and changes lives. Will you join us?

As a Construction Ready partner, your commitment:

- ✓ Builds the talent to grow your business
- ✓ Helps make a positive impact in your local community
- ✓ Establishes your company as a leader in social responsibility
- ✓ Showcases your services and products locally and nationally
- ✓ Engages employees looking to make a positive impact
- ✓ Furthers your company mission and highlight your values by aligning with Construction Ready's values of diversity, respect and inclusion
